EDUCATION

BSc Computer Science | University of the Witwatersrand
| 2023

National Senior Certificate | Liberty High School | 2020

WORK EXPERIENCE

Junior Software Developer | Evamattics Group

| 01/2024 – Present

I work in and with the software development team in an agile setup to develop, test, improve and maintain software amongst other things. I work with mostly React, Java, JavaScript, CSS, HTML, GitHub, Jira, WeWeb and Backendless.

Junior Software Developer | Matateni Solutions

| 03/2023 – 08/2023

I assisted in the development of a Barcode Printing and Scanning system using Electron (similar to ReactJS). I worked on mostly the design, documentation, and front-end development of the software.

PROJECTS

Website Portfolio | 2024

I designed and developed a website portfolio using React framework. I used GitHub for version control and Notion for project management.

GoonMart Online Store | 2023

I worked in a team of 6 in an agile setup to design and develop an online store, similar to Takealot, using *ReactJS* and *NodeJS*. I took part in the design, documentation, front-end and some back-end development of the platform. We used *GitHub* for version control, *Notion* for project management, *CircleCI* for continuous integration.

See more on my [GitHub](#).

ACHIEVEMENTS AND ROLES

Wits¹ Merit Entrance Scholarship | 2021

Student Leadership – Head Prefect | 2020

Chess Club | 2018, 2019
